DEPARTMENT OF GENETICS  
*Professor J. Lederberg, Executive*

Dear Dr. Cohen--

I would be grateful for any further information you might be able to furnish conveniently concerning the program for alloy analysis mentioned in CEN for March 8.

We have been deeply interested in heuristic programming for the logical analysis of mass spectra and are looking for qualified and interested associates. If Mr. Gehlen is completing his graduate studies I would be interested to hear more from you about him.

Sincerely,

Dr. Jerome B. Cohen
